**Providing a quality atmosphere of choice
for many local surgeons and their patients**

Lincoln Surgical Hospital

Lincoln Surgical Hospital began in 1994 as a two-room ambulatory surgery center for outpatient eye surgeries. In 2005, it expanded to 45,000 square feet and has eight operating rooms, 16 private acute care beds and cafeteria. Lincoln Surgical Hospital is among only 100 specialty hospitals in the United States and the only multi-specialty surgical hospital in Nebraska performing over 8,500 surgeries annually.

Resourceful Responsive

Right here

At COPIC, we take pride in doing the *unexpected* — like resolving claims while preserving patient relationships, giving you 24/7 access to physician risk experts, and helping to shape Nebraska's health care environment.

- NEJM-recognized "3Rs" early resolution program
- Med student scholarships and risk management rotations
- Collaborate/coordinate with NMA's legislative efforts
- Round-the-clock hotline to physician risk managers
- Discounts for expanding risk management knowledge
- Nebraska-based risk management and claims staff
- Online access to clinical guidelines, model forms, and risk management knowledge base
- Educational seminars open to all Nebraska physicians, whether COPIC-insured or not

Today and in the future, you can count on COPIC to be resourceful, responsive, and right here.
Contact Ms. Pat Zimmer, Director of Sales, at (800) 421-1834, x6186 or email sales@copic.com for more information or to obtain an application or premium indication.

Formed in 1988, Lincoln's Specialty Care (LSC) is a cooperative effort of the Lincoln Chamber of Commerce and the Lincoln Medical Community to promote Lincoln's wide array of medical resources to Greater Nebraska and bordering areas of surrounding states. Lincoln's Specialty Care obtains funding through Lincoln hospitals, health care facilities and participating physician specialists. Our goal is twofold; first, to establish Lincoln as the preferred referral center for these outlying areas, and second, to provide resources that facilitate those referrals.

Please contact us to update physician information, including photos. Changes can be made to our website (www.lincolndocs.com) throughout the year. The physicians and health care facilities listed above represent those that have invested in Lincoln's Specialty Care and its mission. Physician investors are designated with a box around their photo throughout this directory. To become an investor or for information on advertising in this directory or www.lincolndocs.com please contact us.

BryanLGH Medical Center WEST

2 3 0 0 S o u t h 1 6 t h S t r e e t

BryanLGH is a 606-bed, not for profit, locally owned, healthcare organization serving patients from throughout Nebraska, as well as parts of Kansas, Iowa, South Dakota and other states in the region. BryanLGH includes two acute care facilities and many outpatient clinics.

Our premier services include cardiology, neuroscience, orthopedics, vascular, trauma and emergency centers, intensive care, women's and children's health, imaging, and mental health. We also offer inpatient rehabilitation, mobile diagnostics and treatment, gastroenterology, oncology, urology, nephrology, pulmonary and general medicine and surgery.

BryanLGH College of Health Sciences has a strong clinical emphasis that allows students to apply theory learned in classrooms to real-life situations. We offer graduate and undergraduate degrees and certifications in allied health and nursing, as well as general coursework toward these degrees.

The patient is truly our first priority at BryanLGH. Our goal is to provide the very best customer service and experience to each patient and guest. While you can expect the latest diagnostic and treatment technologies from us, you can also expect a staff of professionals who project passion for their patients and bring extraordinary energy to the services they provide.

BryanLGH Programs and Services

Louis J. Gogela Sr., MD,
NEUROSCIENCE INSTITUTE

Neuroscience

BryanLGH was the first to bring high tech Gamma Knife Radiosurgery to Nebraska in 1998. In 2007, BryanLGH added another first in neuroscience technology in Nebraska and the region with installation of intraoperative magnetic resonance imaging (iMRI). Intraoperative MRI helps surgeons plan the best approach to brain tumors and produces real time, 3-D images in the OR to help guide accurate and complete removal of brain tumors.

Specialized technology such as this, innovative surgical procedures like Deep Brain Stimulation for Parkinson's disease, the first Lincoln Certified Primary Stroke Center are aspects that set apart the Louis J. Gogela Sr., MD, Neuroscience Institute at BryanLGH from all other neuroscience programs in Nebraska. The Gogela Neuroscience Institute is dedicated to best outcomes, world-class technology, ongoing research, and education for patients, physicians and other healthcare providers. For more information call 402-481-5942 or visit www.bryanlgh.org.

Human Motion®
INSTITUTE

The Human Motion Institute at BryanLGH takes a leading edge approach to the prevention, assessment, treatment and rehabilitation of musculoskeletal injuries. Our new Joint Academy helps hip and knee replacement patients return to normal function as quickly and safely as possible.

Our new *Hospital within a Hospital* model focuses a wide range of resources for cardiac patients, consistently delivered by a team dedicated specifically to their care and safety. Patients benefit from this specialized environment, while knowing that they are being cared for in one of Nebraska's finest full-service hospitals - one prepared and equipped to handle any medical emergency.

This integrated model of care, where physicians, technicians and nurses come together in one team, provides BryanLGH patients a seamless experience from testing, to diagnosis and treatment and finally rehabilitation and ongoing education. The Institute brings together staff members from the areas of diagnostic and interventional cardiology, cardiac surgery, and nurses from critical and cardiac patient care. For more information call 402-481-3105 or visit www.bryanlgh.org.

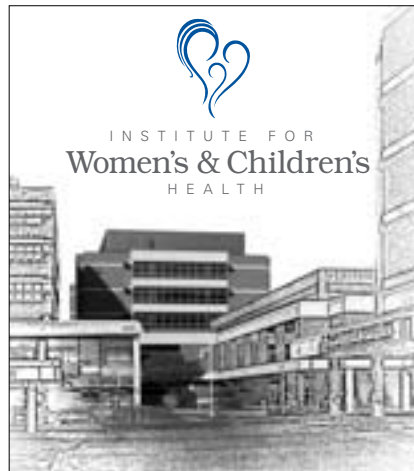

BryanLGH  Heart Institute

Designed to meet the unique needs of women and children, the new Institute for Women's and Children's Health provides the latest medical technology and unparalleled care in a beautiful healing environment. This dedicated Institute is home to comprehensive Women's services, a state-of-the-art Family Birthplace and a specialized Pediatrics program.

Mental Health Services and the BryanLGH Independence Center

BryanLGH offers the region's most comprehensive mental health services for children, adolescents and adults. From outpatient counseling to inpatient care and crisis assistance, our programs and experienced staff provide the care people need to restore their lives.

The Independence Center provides a full range of alcohol and drug treatment programs for adults and youth. Services include evaluation; outpatient, partial care/day treatment, inpatient and residential treatment; family care; crisis assistance and education. Visit www.bryanlgh.org for confidential mental health and substance abuse screenings.

Trauma Center and StarCare

Nebraska has one of the most comprehensive Emergency and Trauma Centers at BryanLGH West. It features four resuscitation rooms, 33 treatment rooms, state-of-the-art technology including a convenient nurse locator system, all in over 37,000 square feet of space. Pictured is the BryanLGH StarCare helicopter landing at an accident site.

Physicians for a lifetime of care

BryanLGH Physician Network includes board certified physicians who are passionate about providing excellent care to you and your family through all phases of life. We offer unique services to make health care more convenient for you. Services like early morning appointments, same day appointments and even the option to see a doctor for minor illnesses and injuries without an appointment. Our practices include family medicine and internal medicine specialists, neonatologists, a maternal-fetal medicine physician, a plastic and reconstructive surgeon, psychiatrists and an Urgent Care Center.

Our primary care physician practices are conveniently located throughout Lincoln.

Saint Elizabeth Regional Medical Center

Saint Elizabeth Regional Medical Center

Taking healthcare to a higher level

Saint Elizabeth Regional Medical Center is listed among *America's Best Hospitals* in 2008 by *U.S. News & World Report* and four times named as among the *100 Top Hospitals®* in the overall category by Thompson®. They are also a Magnet Hospital—the highest award for nursing excellence. For people in the area, this means they have access to some of the best healthcare in the nation right here in Lincoln.

Saint Elizabeth has 257 ALL-private, acute care patient rooms, plus around 60 outpatient beds as well as 14 state-of-the-art operating rooms. Four additional dedicated operating suites are located, two each, in their Family Birth Center and Regional Burn Center. The Family Birth Center with its spa-style rooms is the “first home” to more than 3,100 newborns each year.

Excellence

Saint Elizabeth demonstrates excellence in numerous medical areas including:

- **Orthopedics:** named by *US News & World Report* as among the Top 50 orthopedic departments in the nation; offering a Joint Center, a Spine Center, and neurological surgery;
- **Heart care:** They have a Chest Pain Center and treatment times for heart attack that rank among the fastest in the nation. Their echocardiography lab is accredited; they have an active electro physiology program; and have a rehabilitation program certified for both cardiology and pulmonology.
- **Stroke:** Their Stroke Center is nationally certified.
- **Cancer:** The Saint Elizabeth Cancer Institute has the only cancer program in Lincoln approved by the Commission on Cancer of the American College of Surgeons. Their nurse navigators and CyberKnife help this program remain stellar.
- **Radiation Therapy:** Their Radiation Therapy Center is a member of the prestigious Radiation Therapy Oncology Group. They have the state's only CyberKnife, an unexcelled linear accelerator with onboard imager, and PET/CT scanner. CyberKnife offers continuous, tracking of both patient and tumor while auto-correcting in real time for sub-millimeter accuracy.
- **Surgery:** Their breakthrough *da Vinci® S^{HD}* surgical robot system is used for an ever-expanding variety of urological and gynecological surgeries.
- **Burn:** Their Regional Burn and Wound Care Center is verified by the American college of surgeons and renowned for performing break-through research and care for both burns and wounds that won't heal.
- **Bariatrics:** Their Bariatric Surgery Center is the only center in the area to have earned both Center of Excellence status from the ASMBS and Blue Center of Distinction status by the Blue Cross Blue Shield Association; offering unprecedented quality, collaboration, and affordability.

High Risk OB

Moms-to-be and their babies with special needs have access to state-of-the-art treatments, technologies, and phenomenal survival and quality-of-life successes. Their neonatal intensive care unit (NICU) offers 27 all-private rooms in the state's highest level of care as well as an in-house neonatology group, 24/7 coverage by Neonatal Nurse Practitioners, and the most experienced NICU nurses in town.

100% Digital Imaging

The Saint Elizabeth Imaging Center offers the state's only 100% digital imaging. Their PACS and cardiology PAC systems for archiving and remotely accessing images further contribute to the department's state-of-the-art quality. As do their digital mammography, 3 Tesla MRI, linear accelerator, PET/CT and CyberKnife.

Home Care

Saint Elizabeth Home Care Services has been awarded HomeCare Elite® status as being among the nation's Top 25 percent of the most successful home care providers in the country. They also received national recognition for an innovative program to successfully reduce falls.

Oldest Hospital

Saint Elizabeth is Lincoln's oldest hospital (founded 120 years ago in 1889). They successfully lead the way in innovative programs for prevention and wellness while also embracing traditions rich in spirituality, deeply rooted in their Catholic heritage. They are among 77 medical centers in the country affiliated with Denver-based Catholic Health Initiatives.

And more

- Association with > 500 physicians, 92% are board certified;
- An affiliated network of family and specialty care clinics; urgent care clinics, home and hospice care; and an occupational health program for a healthy workplace, and more;
- Home to the state's first hospitalist program and the area's first Intensivist program;
- 5 affiliated Physical / Occupational / Speech Therapy centers;
- A NICU follow-up clinic;
- Short Stay – Outpatient Surgery Center;
- A partner in Nebraska Surgery Center;
- An active participant in Southeast Nebraska Mobile Diagnostic Services Network providing services to more than a dozen Nebraska hospitals.

“Saint Elizabeth: Taking Healthcare to a Higher Level”

Heart Center

The exciting Saint Elizabeth surgical robot (pictured) and the state's ONLY CyberKnife are ways Saint Elizabeth Regional Medical Center brings the future of medicine to Lincoln and surrounding communities.

Family Birth Center

Baby Ethan Deguzman is one of more than 3,100 babies a year born at Saint Elizabeth and one of around 500 newborns who receives the specialized care of their NICU; offering the state's highest level of intensive care; neonatologists in-house, and 24/7 coverage by Neonatal Nurse Practitioners.

Regional Burn and Wound Care Center®

Serving Nebraska and neighboring states, the Saint Elizabeth Burn and Wound Care Center is a national leader in burn therapy techniques research, and education from critical care to burn reconstruction through plastic surgery; and wound treatment of non-healing wounds.

At Madonna, rehabilitation is not about vision therapy... It's about seeing your favorite toys.

When 18-month old Chase needed rehabilitation, his parents and doctor chose the accredited Pediatric Family Centered Program at Madonna Rehabilitation Hospital. Madonna's approach to rehabilitation is much more than therapy, it's rebuilding lives and families; and putting hopes and dreams back together.

People from across the country seek out Madonna's nationally recognized programs for brain injury, spinal cord injury, stroke and pediatrics. Combining the latest technology and research with a unique, interdisciplinary approach, Madonna involves the patient and family in each step of the recovery process.

Chase is now reaching out for his favorite toys – and for hugs from his mom and dad.

Make Your Mark

Donate tumor tissue to science.

Cancer affects each of us in unique ways, even at the genetic level. That's why we created the Midwest Personalized Oncology Program, a patient, health-care and research alliance. We are asking cancer patients to donate surgically removed tumor tissue to science.

Our goal is to unravel the genetic structure of tumors and read their malignant signatures. These "bio-markers" could reveal why each cancer case is unique. Understanding this may inspire better ways to treat all kinds of cancer.

We envision a day when each patient's therapy is tailored to the genetics of their cancer. To learn more about this research study, please visit us on the web at www.save-your-tumor.com or call us at (402) 327-7363.

*Make your mark

Nebraska Heart

It's not just one cardiologist, one surgeon, or one staff member that defines us; it's an entire team that makes Nebraska Heart, *all heart*. We are committed to working together, in partnership, with hospitals and professionals to provide *patient-focused specialty care*. NHI provides a full array of services from six offices throughout Nebraska and visits more than 40 communities in the region.

Nebraska Heart Hospital

The Nebraska Heart Hospital, located in southeast Lincoln, raises the bar in how cardiac, vascular and thoracic care is delivered. Nebraska Heart leads the charge in the prevention, diagnosis, treatment and investigation of cardiovascular disease. Through the efforts of the Nebraska Heart team, patients benefit from access to superior care and outcomes. Taking care of the whole patient is the mission of Nebraska Heart.

Time to Hire a Physician Assistant?

For information about hiring a master's degree physician assistant, contact the Union College Physician Assistant Program.

Our faculty includes clinically practicing physicians and PAs who can provide helpful advice on bringing a PA into your practice. Consider having a senior PA student for a 2-6 week clinical rotation.

We know that “Office Hours” is just an expression.

Your patients come first, even though their needs don't always fit nicely into an eight-hour work day. This can make it difficult to attend to your own personal financial needs, or the needs of your practice. The Private Client Group at U.S. Bank has financial experts who specialize in the medical profession. From day-to-day office management solutions to personal finances, they can help streamline your money management and improve your financial health.

After you have served your patients,

Who do you call if
 Labor and Employment
 questions develop at
 your office or clinic?

William Harding
Fellow, College of Labor and Employment Lawyers.

“The only constant we see is change.”

Learn how MMIC is continually developing ways to protect you from and to help you prevent medical malpractice lawsuits.

For more than 28 years, we've seen how malpractice issues can challenge physicians. We're here to help protect your assets with malpractice insurance coverage that is backed with:

- Unsurpassable risk management and patient safety resources
- Competitive pricing through effective underwriting
- Strong defense-minded philosophy to protect your interests
- Service and support that puts you first

To learn more about how MMIC can help protect you, call 1-888-397-3034.

“A” Excellent rating from A. M. Best

I Can Scale a 400 Foot Rock Face

Before his terrifying accident, climbing was Aron's life. Thanks to his custom-designed prosthesis from Hanger, it still is.

Whether your goal is to climb a mountain or simply a flight of stairs, Hanger's national network of experts will develop quality prosthetic solutions for your individual needs.

**We helped Aron climb again.
Imagine what we could do
for you.**

Diagnostic Excellence - Local Service

Excellent patient care begins with providing laboratory services in our own communities. Nebraska LabLinc and Pathology Medical Services are committed to providing excellent healthcare to the physicians, medical staff and patients in Lincoln and Greater Nebraska. Our prompt and accurate test reporting is a crucial element in treating patients. Our primary value is "the needs of the patient come first". This is why we perform our testing locally, thereby providing the most expedient turnaround time possible to improve diagnosis and treatment.

Nebraska LabLinc and Pathology Medical Services accept all major insurances including UHC.

 (402) 489-7102

Meet Nebraska's most experienced interventional radiology group.

Physicians, Jeffrey Himmelberg, M.D., Michael Budler, M.D. and John Allen, M.D. comprise the only dedicated interventional radiology group in Nebraska, having performed venous laser procedures for over six years.

***Minimal scarring
and recovery time.***

***Maximum results
and patient
satisfaction.***

Although we consider ourselves the “minimally invasive experts,” we do everything possible to deliver maximum results for those suffering from pain. Call us today to see if you’re a candidate for new advances in treatment for:

- **Varicose Veins**
- **Compression Fractures**
- **Back Pain**
- **Vascular Disease**
- **Uterine Fibroid Embolization**

Our non-invasive medical procedures could very well deliver the results you need to enjoy life to the max!

 **ADVANCED
RADIOLOGY**

For scheduling, please call
888-828-5424

Facilities in Fremont, Omaha, Lincoln,
Grand Island, Kearney and North Platte.
